L.G. Man Fined On Drug Charge

SAN DIEGO (CNA)—Charles Douglas Clements, 29, 3517 Harris, Lemon Grove, Thursday was fined \$100 and placed on three years' probation by Superior Court Judge Gerald C. Thomas for driving a vehicle while under the influence of narcotics.

Clements was arrested while he was asleep in his automobile in a parking lot in Chula Vista with the lights on. Police and witnesses, according to the probation report, were unable to awaken him and he was taken to South Bay Hospital where an analysis showed that he had taken drugs.

Clements said that he had taken pills for a bad headache. Clements is a plumber and the probation officer said that in his opinion Clements is generally a responsible person who appears to be a good family man and a hard worker when employed.

Golf Game 'Costs' A \$1,600 Ring

A strap on a golf bag is not the best place to hang a \$1,600 diamond ring, Milton N. Pollard, 4228 Acacia, Bonita, learned. He reported the ring missing to the Sheriff's office in Lemon Grove.

Pollard told officers he had taken the gold and platinum (Continued on Page 4)

Funeral services were held Tuesday for long-time realtor George W. Casteel, 82, of 7553 Central Ave., Lemon Grove, under the auspices of the Lemon Grove Masonic Lodge.

He died at his home Thursday of cancer after a long illness. He had lived in the county since 1928 and helped develop the community of Lemon Grove. He was regarded for years as the town's philosopher, and many people came to him for advice and guidance at his real estate office, which was at the center of town, at the corner of Broadway and Imperial.

He was a sponsor and charter member of the Lemon Grove Men's Club, an organization which has members nationwide, including at least three members of Congress.

As president of the club he worked to bring an end to the infamous Matoon Act.

He also helped to establish zoning in the Lemon Grove business district.

A Mason for 52 years, he was a member of the Helena, Mont., Masonic Lodge and the Helix High-12 Club. He was also a member of the Scottish Rite and the Shrine. He was a native of Kentucky.

He is survived by his wife Alta, four brothers, including John of Lemon Grove, and a sister.

Interment was at Glen Abbey Memorial Park.

COW POPULATION DROPS

California's human population is now approaching a record high of 19 million, but the state's cow population is declining.

The DIMMER VIEW

by MAX GOODWIN

Tax Collectors Have 69c To Go

The forces of State government which wants more of your money are still agitating for a State withholding tax on income. It would appear that your State income tax bill would be the same whether it was withheld or not. As it is now, your State tax burden isn't made known to you until tax season when your Federal and State taxes are figured at the same time. If it is withheld, you'd simply attest to the fact on your state tax form and the State would then have legal use of your money—money it probably would have already spent by then, anyhow.

It would be more convenient to have taxes withheld for you. But it would be more costly. The higher cost of convenience foods in your market is a good example.

A new burden would be added to keep weekly tabs. Not only would records be kept on you, but employers' records would be added to the expanding system of State government.

In itself, the added cost of collecting could be small. But we are reaching the proverbial point of the straw and the camel's back.

Today, total taxes, which includes such obscured costs as sales tax, withholding of Federal taxes, and other obligatory payments to various levels of government, take 31c of each dollar of wages earned in this State. This startling revelation was made by U. S. Representative Edward J. Gurney recently.

He pointed out that wage earners, theoretically, work from Jan. 1 to April 23 just to pay for government.

Then he made a dramatic suggestion: Why not have Americans pay all of their salaries until April 23 into the tax pot to emphasize the size and cost of government?

We're sure Rep. Gurney is not serious. Even a suggestion several years ago that Federal withholding taxes be withheld on a monthly basis excited the government into action. Anything that dramatizes the tremendous tax burden being carried by American citizens is anathema to taxing officials.

Withholding of State income tax may add a few dollars to the State's coffers, but it will also increase the payroll.

When the gap disappears between the present 31c of the dollar and 100 cents of the dollar, we will have achieved what many of those in government had in mind for you all along.

OUR CLOSEST PARADE — The Lemon Grove Junior High School Band took part in Saturday's Memorial parade in La Mesa. Scenes from the parade are typical of observances last weekend all over the nation for Memorial Day, 1965.

Church Finally Wins In Building Hassle

SAN DIEGO (CNA) — The First Baptist Church of Lemon Grove has finally won its struggle to be allowed to build a new sanctuary in the block on the north side of Burnell Ave. between Olive St. and Main St.

The Board of Supervisors reversed the recommendation of the planning commission Tuesday after hearing at length from church architect David Mitchell. Mitchell said the 750 seat sanctuary would be built north of Burnell and a two-level parking structure south of the avenue.

Reductions in most setbacks were granted by the board and the number of required parking spaces was reduced from 150 to 139.

Mitchell said that the building plans are long range. He said that the sanctuary will be one of the largest Baptist churches in California. It will be designed, he said, to handle large church conferences.

He said the church is attempting to get an option to purchase the Lemon Grove Women's Club property which is to the south of the church property.

The commission had said that the 1.2 acres was too small for a major church and that it would call for a 73 per cent lot coverage with an ultimate coverage of 78 per cent.

Pay Raises Given To County Workers

SAN DIEGO (CNA)—County Supervisors last week adopted salary recommendations of the County Civil Service Commission that will add \$1,100,000 to the county budget for fiscal 1965-66.

County Administrator T. M. Hegglund had placed \$1,500,000 in the proposed budget of \$122 million to allow for salary increases. The amount of the increase for this fiscal year was \$1,900,000.

About 2,000 of the 6,000 permanent county employees will get no increases under the new compensation plan. Salary increases for others range from 2 1/2 per cent to a few at 10 per cent.

Clarence B. Valerius of 3833 Costa Bella Dr., Lemon Grove, has received word that his brother, Capt. Millard R. Valerius, 38, of Keiser, Mo., was among the nine Americans killed in a copter crash last week at the Bien Hoa Air Force Base, Viet Nam.

Besides his brother, Capt. Valerius is survived by his wife, a son and daughter, his mother, and a sister.

Ralph Traber, Monte Vista High School junior, has been notified of his acceptance as a summer exchange student to Germany under the American Field Service program.

He is the son of Mr. and Mrs. R. W. Traber, 10158 Madrid Wy., Spring Valley, and is completing his third year of German language study at Monte Vista.

Ralph is one of ten junior students chosen on the basis of grade point average to serve in the honor aisle for this year's graduating class.

Ralph is a member of the International Club at Monte Vista and will be present at the American Field Service meeting of the Monte Vista chapter Tuesday. This meeting will be held in the "gold room" (room 602) at 7:30 p.m.

Tomiko Yamanaka, who has been attending Monte Vista as an American Field Service student from Japan, will be present at the meeting. She has completed her year and will be leaving soon for Tokyo.

The meeting is open to the public.

Field Tour Scheduled For Avocado Growers

An all-day field tour has been scheduled for San Diego County avocado growers to the Citrus Research Center-Agricultural Experiment Station at Riverside, it was announced by C. D. Gustafson, San Diego County farm adviser.

The date is Friday, June 11, with the meeting beginning in the Agricultural Extension Service Auditorium on campus at 10 a.m.

The morning session will include talks and illustrations on the following subjects: avocado brown mite control, salinity problems in growing avocados, breeding of new varieties, avocado root rot research, and the latest information on fertilization.

In the afternoon, visits will be made to the various field plots, greenhouse, and lathouse tests.

Board of Supervisors Neutral On Site For Prison-Hospital

SAN DIEGO (CNA) — The County Board of Supervisors Tuesday for the third time passed a resolution that it would not support or oppose any location for the proposed state prison-hospital facility but then referred a letter from the Green Valley Association to the County Planning Department.

Green Valley lies north of Poway. The association's letter to the board requested the board to go on record as opposing the location of the prison in any zoned residential area (not

just Poway).

R. J. Peisinger of the association told the board that the state had made a mistake in not coordinating the location with the county. He said that there should be no final decision before there was complete cooperation.

Peisinger said the residents have the right to not have the prison put in their backyards.

Supervisor Robert Cozens moved for the referral to the planning department. He said that he would like a statement

from the planners along general lines as to where the prison should go. He said, "It's possible that there are zones where it should or should not go; or it might be one of those matters that come under a special use permit."

The first motion was to pass a resolution indicating that the board would rely on the county's representatives in the state legislature to make recommendations on the site selection within the limits of the criteria proposed by the Department of Corrections.

Miss Lemon Grove To Compete for 'Fairest of Fair'

Twenty-two finalists, a record number, will compete Wednesday in the 20th annual county-wide Fairest of the Fair pageant at the U. S. Grant Hotel in San Diego to determine who will reign over the San Diego County Fair, June 25-July 5. The event starts at 8 p.m. in the Palm Room.

The contestants, ranging in age from 16 to 20 years, come from 22 communities within the county, having won the right to vie for the coveted title by capturing their respective local contests.

Representing Lemon Grove in the competition will be Diane Wyatt, 19, selected Miss Lemon Grove in last month's contest.

Winner of the final pageant will receive approximately \$1300 in prizes, including \$500 in cash from the County Fair.

A panel of six judges will choose the 1965 Fairest of the Fair on the basis of poise, personality, figure and beauty. The girls will wear swim suits in the initial judging and change to formal for the final round, which will include interviews by MC Ernie Myers, KOGO Radio and TV personality.

Sign to Rise 77 Feet High

SAN DIEGO (CNA) — The County Planning Commission has approved a 77-foot sign for the Richfield Oil Co. service station at Waite, Massachusetts and Highway 94 in Lemon Grove.

Normally, the highest sign allowed is 35 feet. A representative of the company said that the higher sign was needed because the land is lower than the freeway.

Valley Grove Council To Be 'In the Swim'

Valley Grove Council is "in the swim" again with 12 of 13 elementary schools participating in back yard swim programs. These are voluntary programs sponsored by the Red Cross and the PTA.

Over a two-week period children are taught water safety and swimming skills, either beginning, intermediate, or advanced. Residents are asked to donate their pools or time as either qualified Red Cross instructors, aides, or babysitters. Interested persons should call area chairman Bette Weed, 463-8461, or other program organizers.

S.V. Youth Shot In Gun Accident

A Spring Valley boy, James Albert Lott, 18, of 9745 Ivanhoe St., was treated at El Cajon Valley Hospital on Sunday for a gunshot wound.

According to the sheriff's report, Lott and two companions, Art Hernandez, 18, of 1154 Jud St., and Elaine Paula, 15, of 8960 Ildica St., were with Lott on a hunting trip near Jamul. In getting out of the car, Lott's 22-caliber pistol accidentally fired, the bullet striking him in the abdomen.

He was taken to the hospital by his two companions. His condition has been satisfactory, it was reported.

OFF TO ENGLAND — Lemon Grove Chamber of Commerce officials present a miniature lemon tree to Mr. and Mrs. Rex Wells (center) to take along as a greeting to the chamber

of Ruislip, England. Making the presentation are C of C President Al Woods (left) and (Chuck) Buckles (with both the artificial and real shrubbery), the chamber's vice president.

L.G. Chamber Sends Greetings To England With Local Couple

The Lemon Grove Chamber of Commerce, at its Tuesday meeting, equipped a Lemon Grove couple for a good-will visit to England, C of C members presented a miniature plastic lemon tree, complete with lemons, and a letter to Mr. and Mrs. Rex Wells of 8144 Imperial Ave.

The letter is addressed to the Chamber of Commerce, Ruislip, Middlesex, England, and carries greetings from the Lemon Grove body.

Natives of Scotland, Rex and Rita left Ruislip in 1956 for

Canada, and moved here six years ago. They plan to leave June 10 for a three-week vacation in England and Scotland.

Approve Old-Time Theme

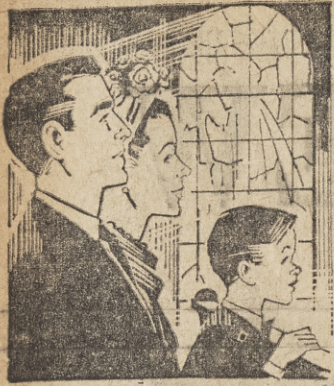

Chamber members agreed to use an old-time theme as an annual community promotion.

In May, a promotion was held with old-time autos as the main attraction. It was the second time in as many years that antique cars took part in a Lemon Grove project.

A committee was chosen by Chamber President Al Woods

to chart next year's event. Bob Browne, Mrs. Earl Warren and Bob Howell accepted this assignment.

In a poll of the board concerning the location of the state correctional institute, five of seven board members said they preferred the Monte Vista site east of Casa de Oro. The board was three short of a quorum. President Woods said that a telephone poll would be conducted among remaining board members to resolve the position the Chamber should take on the institute.

God, we are told by our Christian faith, speaks to men. He does this through His children, even through His Pastors. Of course, it is better if someone is listening and sitting in a pew doesn't necessarily mean you are listening. This Sunday, listen! — the voice you hear may be God's.

Rev. Hempy To Continue as Warner Pastor

The Rev. Robert Hempy will begin his second year as pastor of Warner Memorial E. V. B. Church Sunday.

Pastor Hempy has announced that his sermon topic for the occasion will be, "The Birthdate of the Church." Although appointments are made for an indefinite period, his return for another year in the local pastorate was confirmed at the California Annual Conference of the Evangelical United Brethren Church, held in San Diego, May 27-30.

Under the leadership of Bishop W. Maynard Sparks of Sacramento, each of the 45 E. U. B. Churches in California and Arizona was represented by its pastor and a lay delegate. Warner Memorial Church was represented by Marvin Marquardt of 8068 Darryl St., Lemon Grove.

Opportunity for Review

Each annual conference session provides opportunity for review of the previous year's record and formulation of goals and programs for the coming year.

In an attempt to keep pace with California's rapid population growth, the session adopted a program of underwriting new mission churches by the stronger churches. Thus, a young congregation, depending upon the Board of Missions for support, will find that these finances will be supplied by larger sister churches who have underwritten various projects. It is an attempt to personalize missionary giving.

In addition to adopting budgets and church programs, the delegates were challenged by spokesmen for administrative boards and councils from the Evangelical United Brethren Church headquarters in Dayton, Ohio. The annual theme for the church this year is: "Jesus Christ Renews His Church through Evangelism and Missionary Outreach."

Inner Valley, Mountain Republicans Hold Meet

California's Republican leadership, including state officers, legislators, county chairmen, precinct and youth leaders, as well as representatives of volunteer GOP organizations, met at the California Hotel, in Fresno recently.

Dr. Caylor B. Parkinson, State Central Committee Chairman, reported:

"This meeting was devoted to a concentrated working session for eleven inner valley and mountain county precinct leaders, said Parkinson.

He said the initial event was a reception on Friday night for the Republican minority leader in the state assembly, Robert T. Monagan of Stockton, who was accompanied by other members of the GOP delegation. Also attending were County Central Committee Chairmen from the state's 58 counties.

When it was suggested George Washington be made king of the U. S. he not only refused to consider it, but issued a denunciation of the idea.

Beverly Jean Slocum Wed In St. Francis Chapel

Beverly Jean Slocum of Lemon Grove was married Saturday to Harry Eugene McAllister in St. Francis Chapel, Balboa Park. Dr. Frank Lowe performed the ceremony.

Dr. Lowe had also married the bride's parents, Mr. and Mrs. Arthur B. Slocum, 1919 Primera St., Lemon Grove, 25 years ago, and also conducted the marriage ceremony for Mrs. Slocum's sister, Mr. Jack (Beverly Jean) Sutton, in the same chapel.

The bridegroom, who is serving in the U. S. Navy, is the son of Mr. and Mrs. P. O. McAllister of Clovis, Calif.

For her wedding, the bride carried a cascade of yellow gladioli and stephanotis with baby ivy.

Local Man Attends Podiatry Congress

Dr. Paul J. Califano, president-elect of the San Diego Podiatry Association, attended a three-day meeting of the Western Podiatry Congress at the Ocean House Hotel.

Podiatrists from Arizona, Utah, Colorado, New Mexico, Nevada and California attended this 46th annual meeting.

Subject matter of the lectures included surgical technique of Hallux Valgus (bunion) correction by screw fixation, foot dermatology, arthritis, surgical emergencies, practice management, and the presentation of a paper on the effects of liquid silicone injections for foot disorders by Dr. S. W. Balkin of Glendale, California.

It was pointed out that injections of such material into the foot has the effect of increasing the soft tissue density between a portion of the foot and its associated lesion in the bottom or planter surface. The plastic substance forms a soft, protective pad of connective tissue, thereby reducing the transmitted weight from the bone to the skin surface.

Dr. Califano is also presently working with these silicone injections for research purposes only.

Letter To The Editor

Dear Editor:

We would like to bring the following excerpts from a speech by Grace Lawrence Thackery, president of the San Diego County Federation of Republican Women, to the attention of you and your readers.

"Because I believe it to be imperative that Republican Women continue to pursue a clear direction of issues and goals in order to strengthen the two-party system which is the basis insurance for freedom, I wish to depart from usual procedure and present, for your evaluation, a position paper for 1965.

"Recently in New York, a Soviet Cultural Commissar in discussing cultural exchange Programs with the American representative was asked if there could not now be non-ideological exchanges. The Soviet replied, 'Nothing is above or beyond politics, politics is everything; it is at the heart of everything; everything is intertwined in it.'

"This statement should help us to understand why communism has achieved a success which no other political or religious movement in the history of the world has equaled.

"Now, as I see it, our problem is not our enemies who would destroy us openly; but rather our friends who destroy us unwittingly, who accept socialism and increased government control over individual lives. I think the last election proved the 'Great Society' is a Confused Society — politically uneducated.

"I suggest to you there is only one way to meet this challenge and it is through education in depth of legislation and State of the Union at all levels, local state, national and foreign affairs and policy.

"It has long been my conviction that only the American woman, politically astute, and determined to maintain individual freedom for her family, will halt the advance of an all-powerful and interfering government. Once inspired she will do this with a practical, knowledgeable and determined approach.

"I urge each of you to consider the stakes too high to waste time on the trivia of personality conflicts, let us turn our full attention and energy forward to the issues — Issues which may well mean our individual freedom — or a controlled socialistic 'Great Society' — of robots."

Any woman who is interested in the goals of the above article, please contact Mrs. J. F. Wyer Jr., president, Lemon Grove Federated Republican Women's Club.

The DIMMER VIEW

(Continued)

Let's Make Communism No More Popular than B.O.

The Supreme Court overthrow of the curb on Communist propaganda is another obstacle in the path of Americans who want to turn back the Red Tide.

As unpleasant as the Court's decision is, there is a moral in it for us. The decision is one of freedom. In a general way, it has to do with censorship—or the lack of it. The fact is that the Court decided that the propaganda curb was an invasion of the First Amendment of the Constitution.

If this propaganda matter were controlled, regardless of how repulsive it was, it would signify that all mail would come under surveillance, whether it was repulsive or not. It might also mean that you might be condemned for some of your written opinions. And projected, it might mean that you could be penalized because you attended a certain church.

We think that Court acted wisely in reversing the decision regarding Communist propaganda in the mail. The fact the propaganda adds to the Post Office deficit burden has no bearing on the matter at all. It must be viewed in the light of the freedom of all of us in America.

There does seem to be an area where the problem can be ironed out. This is the area of our own ability to show the advantages of democracy and the free enterprise system. We should set up a dynamic program of sales effort, not only to show the democratic principle to be desirable, but an action program illustrating the drawbacks of Communism should be pushed. We should encourage Americans to demonstrate against the communists. We should make it respectable to shout down Communist sympathizers. We should be allowed to throw eggs and ink on the Russian embassy. We ought to encourage the philosophy that we are better Americans for condemning the Communists.

Even if we become activists the Communists have a 20 year start on us.

An example of what is intended is illustrated by the action of a professor at Grossmont College last week when Benjamin Dobbs, a Communist spoke. A student who picketed against the speaker was instructed to report the next day for disciplinary action.

No one requires a Communist picketer to report! Let's do more propagandizing! Let's make Communism as unpopular as only a modicum of advertising has made halitosis, and underarm perspiration.

A sad fact is that it hasn't already been done and we could do it on an advertising budget less costly than our cost of keeping some 20 or 30 women in the harems of some mid-east potentates.
